OBJECTIVE

My objective is to secure a full-time position that focuses on full-stack development or financial analytics. I'm interested in working for a corporation that has strong company values, has a mission statement that leaves a positive impact on the community and the customers they serve. I have a passion for teamwork and excel in any situation due to my strong communication skills, work-ethic, and my ability to get work accomplished by a deadline.

Education

The University of Arizona	**Gilbert, Arizona**

Coding Projects

Sub-Man
Authentication/Backend Developer
Link: https://death-eaters-proj2.herokuapp.com/
A Subscription Manager App where clients can log their subscriptions and manage their bills.

- Created the login authentication by utilizing Passport.Js, and Google-OAuth-2.0
- The google O-Auth returns a JSON which is stored in a Sequelize user database.
- The user and subscriptions databases are associated which allows the client to view their subscriptions every time they log in

Gif Encyclopedia
Individual Project utilizing AJAX calls
Link: https://shpak92.github.io/letsGetGify/
An app where member can search the top 25 Gifs for a subject

- A front-end AJAX project where the search calls to the Giphy's website
- Utilized JavaScript, Bootstrap CSS, and AJAX calls to develop the site.
- The client search bar loops through all the gifs, and can parse the detail that the user is looking for.

Work & Leadership

USAA	**Phoenix, Arizona**
SMS Investments Representative	March 2018 –Present

Provide solutions for members to help with their financial servicing needs

- Create an exceptional member experience for our member by deepening conversations and revealing financial needs
- Received positive feedback from our members for my services. Recognized by executive management on more than one occasion.
- Providing help for the members by researching information to provide solutions to their questions.

Bank of America	**Chandler, Arizona**
Financial Solutions Adviser for Merrill Edge	June 2017 – February 2018

Provided financial advice to our clients in a call center environment

- Provided financial advice to our clients that included retirement, stock market, budgeting, inheritance, and other needs.
- Used sales tactics for our clients to help them consolidate assets that were held in other institutions
